

STUDENT TAKES INDUSTRY PRIZE

Final year computing student Darren Rees has walked away with a top industry prize. Darren, a Plymouth University student, received the undergraduate prize from Revell Research Systems.

The Exeter-based firm set up the award in 2006 to mark its 21st year in business.

The company's managing consultant, Alastair Revell, said: "I am delighted Darren has been awarded the 2007 prize. I understand from his tutor Dr Nigel Barlow that he is a very talented student and I would like to wish him the very best as he starts his career in computing."

Mr Revell presented the prize to Darren at a ceremony at St Olave's Hotel in Mary Arches Street.

The consultancy's business development manager, Fiona Burgess, added:

"The prize helps the top student to stand out from the crowd, making their first steps into the professional world easier."
